

61 Roxborough Drive - North Rosedale

Toronto, ON
M4J 2X9

Wow.. this special renovated & restored family home has not been on the market since 1976. The interior is pristine with lovely warm woods and hardwood floors in good sized rooms. The kitchen is "Country Gourmet" and is combined with the solarium. This property is one of the best on the market for its south ravine property with tableland for playing. This property is "Unrated" & can be added onto or you might build your dream home on 50' x 211' of exquisite treed views.

Rarely does a house and property like this come together on prime Roxborough Drive. There is a large south facing family oriented & family deck for fun & relaxing living. The rear deck is like a very special outdoor room... for peace, sun, fun and the views are the best. The house is nestled amongst some of the best real estate in Rosedale. Large mature trees set the stage for a very special garden. All rooms are geared to the ravine to watch the kids & family. The family room is above grade & is so sunny and is combined with the newly installed bar which is fitted out.

In addition there is a delight walkout to the most amazing ravine gardens

The second floor enjoys Four bedrooms and the Master enjoys an abundance of closets and a 7 piece ensuite.

Most of the rooms are set so they overlook this lovely property.

The kitchen is charming and is ideal for gourmet cooking. It is combined with the solarium for either extra lounge space or it could create an eat-in area.

This very special family home shows pride of ownership. Welcome and Enjoy...

Home Inspection **REPORT SUMMARY**

This Report Summary reflects the key findings of our inspection at 61 Roxborough Drive, Toronto.

ABOUT THE HOME

This well-built approximately 95-year-old detached home is in very good condition overall & has been well maintained. It has undergone many improvements both inside & out.

- **Roofing** - The 1st half of life slate shingles can typically last several more decades. These are premium quality & will last much longer than conventional shingles.
- **Exterior** - Several components have been updated. The bricks/wood-siding are in very good condition overall.
- **Structure** - The original masonry exterior walls are supported by a masonry foundation. No structural concerns were identified during the inspection.
- **Electrical** - The home has a 200-amp service: this is larger than typical for a home such as this and should provide excellent capacity. The visible distribution wiring is copper. The system has been upgraded and includes modern safety devices such as circuit breakers & ground fault interrupters.
- **Heating** - The system includes a 15-year-old gas-fired mid-efficiency boiler with a typical life expectancy of 20 to 35 yrs.
- **Cooling** - There is a 'Space-Pak' a/c. This desirable split system has the air handler in the attic where the cooled air can descend more effectively.
- **Insulation** - The attic insulation has been upgraded to modern levels. This should help control energy consumption and costs, while improving comfort in the home.
- **Plumbing** - The visible supply plumbing in the home is copper as is the upgraded main water line in. Copper is the preferred supply piping material
- **Interior** - Very good quality interior finishes were noted throughout the home and it been well maintained. The large basement has been finished with a walkout to the rear.

ITEMS THAT MAY REQUIRE ATTENTION

Cooling - The 35-year-old air conditioner is past its life expectancy of 10 to 15 years. Continue to use & service it annually until replacement is necessary. (Cost: \$5,000 & up)

FOR THE BUYER

The first step is to review this Report Summary, which provides an unbiased overview of the home, based on our inspection. This Summary is very helpful, but not enough to make a home buying decision. The second step is to review the complete inspection report and attend an On-site Review with the inspector - contact us at 416-964-9415. The fee is roughly half the cost of a standard inspection. Without the second step, our liability is limited to the party for whom we performed the inspection.
